prestige training tables

# prestige

Prestige is the perfect choice for those who require a high-end look for fixed or folding training tables. Available in both beautiful veneers and laminates. The leg inserts are standard with veneer or laminate and can be customized in leather, fabric or translucent decorative panels. The leg panels can easily be changed in the field to update or create a whole new look.

Prestige training tables are available in fixed (standard), or in a folding version shown here. Light, yet extremely durable this folding version features built in handles that allow for easy handling and storage in our handsomely designed table cart.

Prestige can be arranged in a multitude of configurations including; in rows, U-shaped or joined together to form a single conference table. Ganging, electrical and data options are available.
